Abstract: Control number 1004-0058, as currently approved, authorizes the collection of information that assists the BLM in enforcing timber export and substitution prohibitions.

The BLM now requests that control number 1004-0058 be renewed and revised by adding two information collection activities that have been in use without a control number.

One addition, “Log Scale and Disposition of Timber Removed Report,” requires purchasers of Federal timber to report volumes of timber removed from Federal lands, and to identify processors of timber. Like the previously approved information collection activities, this activity assists the BLM in enforcing timber export and substitution prohibitions.

The other addition, “Protests,” provides an opportunity to seek administrative remedies for forest management decisions.

OMB Control Number: 1004-0058.
